It's nice to finally welcome to the Domain a club we've played a few games against. That hasn't been the case all that often this season. Matamata and Waiuku have met 14 times in the Northern League, although obviously not for a while. We hold a slight advantage with six wins to Waiuku's five, with our last league meetings back in 1995 when we managed to do the double - 4-0 away and a win by default at home. More recently we have met in the cup and pre-season last year.

What does that mean? Probably buggery all. Both clubs are fighting for a place in the all important top six so it will be all on today. We're even on points and we're both coming off disappointing defeats. This match is all the more important given we've both played a game more than most of the other teams in the mix. While it's not quite do or die time today, defeat for either side would put a massive dent in the top six aspirations. So this game is important!

There is a lot for us to like about what Waiuku is doing. Our two clubs are probably fairly similar, in that we both represent small communities in a league dominated by some very big clubs. I would be delighted if we could both manage to scrape into that top six so I'd like to wish Jim and his team all the best for every game you play, apart from today of course.

On another note I would like to encourage all our club members (and anyone else who's interested) to take part in one or both of the World Cup promotions we're running. Our pick the scores competition only costs \$20 and brings the prospect of some decent prizemoney. Our World Cup team auction takes place in the clubrooms after today's game - this auction is basically a sweepstake with a difference. You'll find out more this evening.
